

Or.....  
We Could Just Work  
Together To Make A  
Difference.

It's Not A  
Difficult Decision!

As a Community we have all the resources we  
need to address climate change.

**You!**

So come and join us and be part of something  
truly outstanding. With your help we can design a  
healthy sustainable future for Rauceby before the  
clock stops ticking.

## Rauceby Little Footprint Initiative & Lincolnshire Biodiversity Partnership

Invites you to a day of environmental fun.

### 'Nature On Your Doorstep'

with

Nature On The Verge Project – Mark Schofield  
Bird Ringing – Grantham & Sleaford Bird Ringing Group  
Freshwater Invertebrates – Richard Chadd  
Terrestrial Invertebrates – Roger Key & David Sheppard  
Geology – John Aram  
Garden Birds – Anne Goodall  
Stepping Out Walks - NK Leisure Connection  
LCC Historic Environment Team - Sarah Grundy & Alex  
Thornton. - Bring along your finds for identification.

### Admission Free

Saturday 16th May 2009

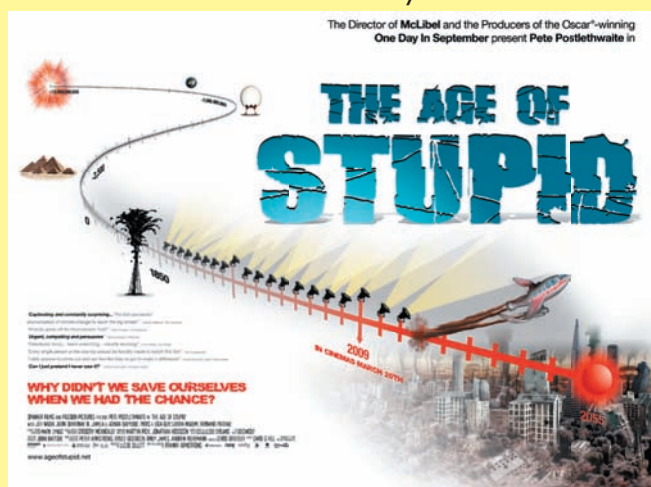

from 10am - 3pm

Starting from

Rauceby Primary School

Tom Lane

North Rauceby

'The Age Of Stupid' is the new cinema documentary from the Director of 'McLibel' and the Producer of the Oscar-winning 'One Day In September', Franny Armstrong. This enormously ambitious dramadocumentary-animation hybrid stars Oscar-nominated Pete Postlethwaite as an old man living in the devastated world of 2055, watching "archive" footage from 2008 and asking: why didn't we stop climate change while we had the chance? [www.ageofstupid.net](http://www.ageofstupid.net).

Designing A Model Sustainable Community

We Could Just Sit Back And  
Do Nothing.....

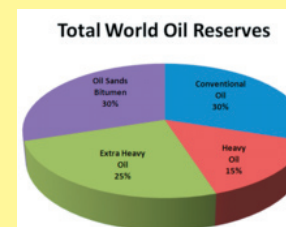

Extreme Weather

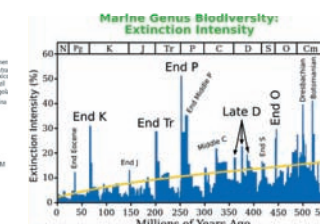

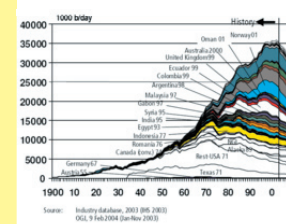

Melting Ice Caps

Peak Oil

Extinction

## Activities

'Nature On Your Doorstep' is the RLFI's first annual biodiversity audit. The Music Room at Rauceby Primary School, will be hosting the HQ for the event. Data collected will be directed there for people to see. Visitors can follow a trail around the village, with different activities en route.

**Nature On The Verge Project** Map Ref No. 1  
Mark Schofield

There are wide verges along Church Lane leading out of North Rauceby and Mark will be investigating the available flora and fauna.

**Bird Ringing** Map Ref No. 2

Grantham & Sleaford Bird Ringing Group

This will be going on in the parkland near the Lodge and is ideal for people to see as they enter the site. The bird ringers will be moving around the parkland during the day.

**Freshwater Invertebrates** Map Ref No. 3

Richard Chadd

The south-eastern end of the lake is a shallow slope with access all the way across. There is also a water fall running from the lake nearby.

**Terrestrial Invertebrates** Map Ref No. 4

Roger Key & David Sheppard

Near the lake the gardens are less formal, and there is an area of woodland leading south.

**Geology** Map Ref No. 5

John Aram

The quarry at the end of Pinfold Lane has exposed faces, and was used to produce the stone to build Rauceby Hall.

**Visitors can then get back to Main Street via Pinfold Lane.**

**Garden Birds** Map Ref No. 6 - Other gardens to be arranged

Anne Goodall

There will be at least 6 gardens with visible bird feeders that can be observed and compared along the route.

**LCC Historic Environment Team**

Sarah Grundy & Alex Thornton Map Ref No. 7

The Historic Environment Team will be bringing the Historic Environment Record database to the Village Hall during the event and a Finds Liaison Officer will be available so please bring along your own finds for identification.

Follow the Little Footprint Sign

**Toilets and Refreshments**  
are available at the Village Hall  
plus a number of exhibits will  
also be on display.

**Admission Free**

Saturday 16th May 2009

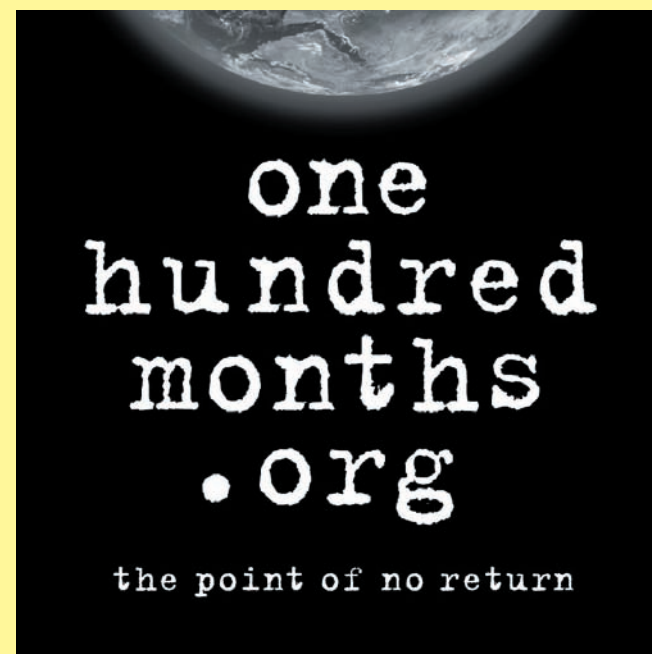

from 10am - 3pm

Starting from

Rauceby Primary School

Tom Lane

North Rauceby

This event has been organized in conjunction  
with the following organizations

North Kesteven  
Local Strategic Partnership
